

HPP Architects is one of Germany's leading architectural partnerships and for more than 85 years they have been producing buildings of every type and size in Germany and abroad. HPP provide a full range of architectural and master planning services. They specialize in the design of corporate headquarters, hotels, laboratories, hospitals, sport and leisure facilities, shopping centres, transport buildings, town planning, residential units and in refurbishment and listed building projects.

The Düsseldorf-based partnership is now in its 4th generation since it was founded in 1933 by Professor Hentrich and today comprises 12 offices with approx. 450 employees in Germany and abroad. The latest projects of theirs to attract international attention were the winning designs for the "EXPO Village Shanghai" and the "Europe Tower Sofia".

Among their most well-known projects are the "Dreischeibenhaus" in Düsseldorf, the renovation of the Central Railway Station in Leipzig, the Concert Hall in Düsseldorf, the revitalisation of the Grand Hotel in Heiligendamm, the Ruhr West University in Mülheim, the German Embassy in Washington, the German Football Museum Dortmund and the LVM 5 insurance building in Münster. The most recently completed projects include the L'Oréal Deutschland Headquarters in Düsseldorf, the AND Pastel residential and mixed-use complex in Istanbul and the 258-metre-high Huide Tower in Shenzhen. Among others the mixed-use quarter FOUR Frankfurt, realised jointly with UNStudio, The Alibaba Campus in Hangzhou, the Freiburg Football Stadium and The Cradle, Düsseldorf's first hybrid timber construction office building, are currently on the drawing board.

HPP Architects' headquarter is in the Düsseldorf Media Harbor, other offices are located in Beijing, Berlin, Cologne, Frankfurt, Hamburg, Istanbul, Leipzig, Munich, Shanghai, Shenzhen and Stuttgart.

Headquarters	HPP Architekten GmbH Zollhof 26, Media Harbor, 40221 Düsseldorf, Germany
Company Foundation	1933 by Professor Helmut Hentrich

Typologies	Office and Administration Buildings, Shopping Centers, Residential Buildings, Hotels, Hospitals, Stadiums and Arenas, Cultural Buildings, Teaching and Research Buildings, Transportation Buildings, Industrial Buildings, Banks, Computing Centers, Penitentiaries

Our architecture is defined by the undogmatic examination of a project's particular topics, not by continuous application of identical formal arrangements independent from task and location. In doing so we are following an integrated work approach starting from the urban requirements, the constructional and cultural context as well as the function of each building typology.

From beginning up to completion each single building task lies in the responsibility of one partner and his team. The design progress is accompanied by an intense dialogue between all participating parties to guarantee the achievement of the optimal result. Regular partner meetings where all projects are being discussed are the basis for the ongoing high quality standard of our work. We aspire to create architecture of lasting value beyond the here and now: timeless and yet clearly part of their time, innovative and equally grounded in history.

With our local organization form and offices in the important economic areas of Germany we guarantee special regional knowledge, quick availability and direct communication with the local contact persons. The same service is given in our international subsidiaries.

With this attitude we have managed to complete over a 1200 buildings worldwide in the last 85 years and we are pleased with each new building we will be able to realize in the future.

- 1933** Helmut Hentrich opens an architecture office.

Joachim H. Faust

Dipl.-Ing. Architect, M.A.

Senior Partner HPP Architekten GmbH

33 years at HPP | Managing Director of HPP Architekten GmbH
Chairman of HPP International Planungsgesellschaft mbH

Joachim H. Faust was born in 1954 in Mainz and studied architecture at the Technische Universität in Berlin and at the Rheinisch-Westfälische Technische Hochschule in Aachen. In the 1980s he received a Master's degree in architecture at Texas A&M University. After working in the offices of Skidmore, Owings & Merrill (Houston and New York) and Eggers/Kohn, Pederson, Fox (New York) he came to HPP, where he began as director of the Frankfurt office and of which he became a limited partner in 1994. Faust has been a member of HPP's general management since 1997. Faust has published in professional publications and speaks on subjects concerning architecture and interior design. In 2002 he was awarded the Distinguished Alumni Award by Texas A&M University, in 2019 he was appointed as Red Dot Ambassador.

He is a member of the Association of Architects in Hessen and North Rhine-Westphalia.

Gerhard G. Feldmeyer

Dipl.-Ing. Architect BDA

Senior Partner HPP Architekten GmbH

31 years at HPP | Managing Director of HPP Architekten GmbH Director of HPP International Planungsgesellschaft mbH

Gerhard G. Feldmeyer was born in 1956 in Aalen. He studied architecture at the university in Stuttgart and the London South Bank University. In the 1980s he worked in the office of Kikutake Architect & Associates in Tokyo and in the office of Gerkan, Marg und Partner in Hamburg. He has been at HPP since 1989, where he began by heading the Hamburg and Berlin offices. Since 2002 Feldmeyer has been a member of HPP's general management. Feldmeyer occupied a teaching position in the faculty of architecture at Nippon University in Tokyo, regularly gives guest lectures, and has published books and magazines articles. Among his publications are „The New German Architecture“ and „HPP Hentrich-Petschnigg & Partner 1988 – 1998“.

Feldmeyer is a member of the BDA and the Association of Architects in North Rhine-Westphalia.

Volker Weuthen

Dipl.-Ing. Architect

Senior Partner HPP Architekten GmbH

28 years at HPP | Managing Director of HPP Architekten GmbH

Volker Weuthen was born in 1957 in Mönchengladbach and studied architecture and city planning at the Rheinisch-Westfälische Technische Hochschule in Aachen. His undergraduate thesis was awarded the Hochschule's Springorum Prize in 1985. He worked in the offices of HPP and JSK until 1992 and directed an architect's partnership in Hagen with Jürgen Bahl. In 1992 he went to HPP's Düsseldorf office, first as a project director and then as a project partner from 2000. Weuthen has been an associate of HPP since 2007 and senior partner since 2018. Since 2020 Volker Weuthen has been a member of HPP's general management.

Volker Weuthen is a member of the Chamber of Architects in North Rhine-Westphalia.
